Mr. Eric P. Newman  
P. O. Box 14020  
St. Louis, Mo.

Dear Eric:

As chairman of ANA's building fund committee, it is a pleasure for me to write this customary "thank you letter to ANA Patrons" to you our newest Patron; and to thank you in behalf of the officers and members of our Association for your contribution of coins valued at \$2,100 to the ANA building fund. It is also a privilege to congratulate and welcome you as a permanent and honored Patron of the American Numismatic Association. Your gift is in the finest tradition of our numismatic fraternity and places you in the forefront of those who are making this fine facility available for the advancement and enjoyment of numismatics.

In this connection, we would like to have a picture of you, preferably a glossy black print, (if we do not have one already on file) for publication in the Numismatist. Please send it direct to the newly appointed editor, Edward Rochette, P. O. Box 2366, Colorado Springs, Colo., 80901. It will also be helpful to him in writing the story about your contribution if you will send him a few notes, which you would like to see included, about yourself. If you get this material to him by the 25th of the month it will be in the March issue of the Numismatist.

Unless Mr. Rochette is advised to the contrary he will publish and enter your patron listing in the name of "Eric P. Newman". If you wish it listed in any other way please so advise him.

Eric, you will be interested to know that the \$250,000 goal of the building fund has been reached, and your contribution was one of the essential ones putting it over the top.

Kindest personal regards and best wishes.

Dear Ed:

You have a copy of Charles Johnson's nice letter to me dated January 9, 1967.

I would like the gift to be from Mr. and Mrs. Eric P. Newman, when you schedule it.

As far as publicity is concerned, I certinly do not wish any unless it is considered useful in raising further money for the A.N.A. By all means, please keep it modest and do not feel it is necessary to use my picture in connection with it. In a day or two you will receive my picture because Charles Johnson requested it. I have a few sentences which may be helpful to you on the enclosed sheet. These are as of March 1, 1967. If you need any more facts, please let me know.

I know that you will enjoy your new work and I look forward to contributing something worth while to the magazine from time to time in the future.

Kindest personal regards.

ERIC P. NEWMAN

Starting as a collector in 1921 his hobby life now is primarily devoted to research and writing in American numismatics and to assisting others in similar work. The many articles he has written for *The Numismatist* have won for him the highest number of Heath Awards (8) ever awarded to one person. His extensively illustrated book, "The Early Paper Money of America" (Whitman Publishing Company), has just been published and embodies the results of a ten year research project. He has steadily exposed various numismatic fakes, "The Fantastic 1804 Dollar" by Newman and Bressett having stimulated extensive comment. The International Numismatic Congress, meeting in Copenhagen in August, 1967, will publish his summary of research in American numismatics during the 1960-65 period. He serves as a member of the Council of the American Numismatic Society. He received a Medal of Merit of the American Numismatic Association in 1962 and a gold medal award for the Advancement of the Science of Numismatics from the Professional Numismatists Guild in 1966. He served on the U.S. Assay Commission of 1967.

A great piece of humor was included on the back of one of Randolph Zander's lists dated January, 1967. I am enclosing it.

If you get his permission, I think it would be a fine thing to publish in The Numismatist as a little humor is definitely necessary from time to time. Possibly you could give him a chance to revise it to accommodate your editorial desires as to length and content.

Dear Virginia:

Joe Segel's letter of November 10, 1966 and F.X. Calico's letter of January 17, 1967 are at hand. Pitty the lexicographers of the past.

I, personally, feel that our committee is only qualified to try to define numismatic terms for America and for numismatists. Definitions for other than numismatists and for foreign usage are not for our group to determine, as it is difficult enough to arrive at conclusions for our fraternity.

In answer to your specific question as to whether the word "token" should include advertising pieces which have no exchange value, I believe that the numismatic use of the word "token" should not include them. I believe the word "token" properly is a piece of "token money" from a numismatic point of view. The fact that in the past store cards circulated as token money made it very difficult to classify noncirculating store cards as other than tokens. The fact that a mistake was made long ago does not require us to continue it. I realize you may feel otherwise.

I believe Joe Segel's definitions need some further technical refinement but generally they conform with my thinking.

If we can be of further help we welcome the opportunity.

Kindest personal regards.

Dear Committee Member:

Due to the Numismatic Forum to be held at eleven o'clock on Saturday, April 29th at the Metropolitan New York Numismatic Convention, I am calling our meeting to begin at 9:30 A.M. and to continue until the Forum begins; we can reconvene again at 2:00 P.M. on Saturday. The room location for the meeting will be posted in the Park Sheraton hotel.

We will have available for our meeting a copy of the unabridged edition of Webster's Dictionary as well as the new English Dictionary.

The attached covers the numismatic words and terms on our list re-arranged under six basic classifications as suggested at our December meeting. I have allowed extra space following each category for any remarks you might have, which I hope you will feel free to send me.

We appreciate very much the time and effort you have given to this project.

Dear Charles:

On a recent speaking engagement, in Oklahoma City, I learned that there is listed, as a patron of the A.N.A. Building Fund, a person who gave coins which were altered or forgeries and, therefore worthless.

This statement was made before a large group of people and gave the A.N.A. a "black eye". If it is true, it is essential that the person's name be removed from the list of patrons because the A.N.A. has taken the position that the gift was worth \$2,000 or more. It is also essential for the A.N.A. to have the courage to advise the Treasury Department of its subsequent findings so that others who have given things to the A.N.A. are not prejudiced by the action. The A.N.A., of course, should give the party concerned the opportunity of amending his tax return, if he deducted the gift, but if this is not done the A.N.A. should do it for its own protection. The party who did it may be absolutely innocent of any wrong doing and therefore that should be stated in any communication if that is the situation.

I thought I should inform you of this matter.

Dear Deric:

I have been named to again chairman the A.N.A. library committee. Each A.N.A. committee chairman, who in practically all cases is an A.N.A. board member, has the job of forming his own committee. In this connection, I am writing to ask you to serve as a member of this important committee. With your extensive knowledge of numismatic literature, you will be a big help in building our association's library.

Our committee will be responsible for the library and its operation. Please let me know if you will accept this assignment; and I will then notify our president, Art Sipe, and you will then be an official member of the committee.

You will recall that at the time we issued the last library catalogue, you had some definite ideas on changes and corrections that should be made. One of the jobs of the library committee in the future will be to determine policy and supervise the preparation of the new library catalogue. Most of the work will be done in Colorado Springs, but we will determine policy, and be responsible for the catalogue.

Kindest personal regards, and I hope our trails will cross in the future, for I would enjoy very much a visit with you.

Dear Glenn:

Thank you for your letter of March 10, 1968.

I am sure that you and Mr. Elam can work out the problems which you raise. Naturally, I can understand that A.N.A. does not want to be committed to listing or abstracting items from all kinds of magazines, newspapers and what-have-you when so many are nothing but rehashes of prior published material. That should be at the discretion of the editor.

I believe the intention was for the A.N.A. to publish a broad range of items and that Numismatic Literature would publish the abstracts of the more important contributions.

I will be glad to work on the matter from a neutral point of view as I recognize the aims of both organizations. I think it is up to Mr. Elam to review your comments and take them up with you to clarify the mechanics of the project.

For the guidance of its members, this Code of Ethics has been duly adopted by the Board of Governors under the authority vested in it by the Federal Charter and the by-laws of the Association. A breach thereof by any member reflects directly or indirectly, upon all other members. **CONVENTIONS**—Each year the A.N.A. holds a convention in one of the larger cities in the United States. The varied activities incorporated in the convention are sources of intellectual stimulation, fraternal pleasure and entertainment to all who attend. The business sessions are devoted to the serious side of numismatics, while the recesses afford opportunities for banquets, excursions, and other forms of entertainment, and for personal acquaintance with coin collectors from all parts of the U.S. and from other countries. The splendid exhibits of numismatic specimens at these conventions have become notable features of these gatherings. These exhibits are open to the public. Members attending these conventions look forward with interest to hearing the outstanding speakers at the educational forum.

Dear Eric:

The request for your photograph came from headquarters at Colorado Springs. No mention was made of a write-up.

As I needed a photo for my V.I.P. Album, I combined the two needs. Expect to send you the biographical sketch prior to it being used in the album for your personal approval before using it, and its final typing on an IBM executive machine.

Reason for the "Pronto!" I, too am leaving for Texas on July 1 to be away until around the 15th. Thot I'd best get the photo set up before I left.

Will probably have the sketch with me at Philly in August, so will get with you there, to look it over.

Regards,

Dear Adna:

You asked me to mail to you a photo of the lovely award the American Numismatic Association was nice enough to give me. The photo is enclosed herewith, in duplicate.

Edison Brothers Stores, Inc. will pay the bill, amounting to \$4.00, and if the ANA wants to reimburse the company, please send the check to me for that purpose.

We look forward to your visit to St. Louis for another outstanding piece of organizational work as you demonstrated, again, in Philadelphia.

Sincerely yours,

Dear Eric:

Thank you very much for the photograph of the Farran Zerbe Memorial Award plaque presented to you in Philadelphia. Enclosed is a check in the amount of \$4.24 for the photography and postage on the two prints.

I have requested a reservation at the Park-Chase Plaza Hotel for the night of September 29. I will be arriving in St. Louis on the morning of the 29th and returning to Colorado Springs in the afternoon of the 30th. My wife, Joan, plans to be there as well.

I look forward to seeing you and Mrs. Newman again.

Again, many thanks.

Dear Eric:

Thank you for letting us know that the cases arrived in St. Louis and are in storage. It is most generous of you to provide this storage location for us pending the convention in St. Louis.

You are right, it does cost money to ship the cases around the country. I do find, however, that the original quote is much higher than the final adjusted one, the problem being that they always quote at a higher rate than the educational cases which is lower.

We, of course, will handle the cost of shipping to St. Louis.

I too am looking forward to meeting with all of you in St. Louis on the 29th and 30th. See you then.

Sincerely,

Dear Dave:

On September 29, 1969 I have meetings all day, at the office, and don't know whether I will be free in the evening or not. This is the day when Adna is coming.

Probably you don't need me, anyhow. I will appreciate knowing your plans, in any event.

Dear Ed:

For part of the 1804 Dollar story, I would like to have nice prints made from the enclosed 35mm negative. This negative was sent to me from Vienna. Would you send me a copy of the print, which should show the two faces of the coin and the edge, and which should block out the scale and the printed text.

You will have to decide whether this should be the full width of a page or whether it should be turned sideways to fit on the length of the page. There are certain die cracks and defects which should be of interest to readers and the bigger the print the more possibility there is of seeing them.

Please return the negative after the Holidays.

I will try to get you the article by the 25th of December, for the February issue, but if not it will be in the March issue.

Kindest regards.

Sincerely yours,
